

Berufsorientierung für Flüchtlinge – BOF

We want to support you on your path, finding an apprenticeship. We will coach you, over the course of 6 months, learning the right vocational vocabulary and preparing for your dream job. Additionally, we will support you with extracurricular challenges, e.g. appointments with authorities, job center, accomodation.

Immigrants welcome

If you have refugee status and need support with the German language or other help, contact us. If you do not have a job pre-ference yet, we will support your search. Within 18 weeks, you can explore different careers and we will review your strengths and preferences together. Our experience is your chance to find out more about your own talents. We will prepare you for vocational school and accompany you on your path through the German educational system.

Your Apprenticeship

Once we have identified together your strengths, we will help you deploy them throughout several apprenticeships. That way you can test the waters and deepen your knowledge and skill set.

Preparation for German vocational school (Berufsschule)

We will support your language education and guide you throughout studies and practical tasks. We are experienced to accomodate your speed and capabilities to maximize your achievements!

Indidual guidance

You can trust our proven support concept for career guidance. We will build our coaching curriculum around your needs, knowing that the focus has to be tailored for you. Our team consists of experts for all career and coaching disciplines, but will also support the individual fears and hardships quite common in transition times. You can trust us! ■
